

Drain & Scupper Dome Replacements

TECHNICAL PRODUCT INFORMATION

RepairBoss® Drain and Scupper Dome Replacements are sturdy replacement domes for most commonly sized drains and scuppers. They feature an adjustable crank to fit between 2" and 8" drains with no tools required.

FEATURES & BENEFITS

RepairBoss Drain and Scupper Replacement Domes also provide the following features and benefits:

- No specialty tools required
- Drain domes fit between 2" to 8" round drains and measure 8" diameter x 3.25" tall
- Scupper domes measure 8" wide x 9" tall
- Save time and cost with quick installation

PACKAGING

Packaging: 30 replacement domes per case, sold by the case

Quantity per pallet: 120

APPLICATION

Product application should be suspended immediately and our technical service personnel contacted if the results being obtained are less than desirable.

Replacement of drain and scupper domes first requires the removal of the existing dome, per the specific manufacturer's requirements. The RepairBoss Drain and Scupper Replacement Domes are to be set in place, ensuring to cover the existing drain or scupper area. Turn the adjustable crank until the replacement dome is securely in place.

As with any roofing project, good roofing practices should always be followed.

STORAGE & HANDLING

Store cases of replacement domes in the original protective packaging in a dry and cool location.

PRECAUTIONS

Safety first! Read all label information, SDS, and precautions before using. For safety information on our products, please visit www.bitec.com.

All information is given in good faith but normal tolerances of manufacture and testing will apply. BITEC reserves the right to improve and change its products at any time without prior notice or advice. The use of BITEC products is determined by local conditions and individual requirements of each contract. In consideration of the many factors involved, BITEC cannot be held responsible for the application of its products and for conditions beyond its control. All claims filed against BITEC warranties will be subject to the provisions set forth at the date of the warranty issuance, and any addendum thereto. Under no circumstances will BITEC be held liable for any damage, whether personal injury or property damage, which occur during or after the application of any BITEC products.
