

# Sprayable Bonding Adhesive Accessories

## TECHNICAL PRODUCT INFORMATION

**STRONGHOLD™**

**StrongHold Bonding Adhesive Accessories are intended for use with StrongHold TPO / EPDM sprayable bonding adhesive. To accommodate specific contractor and job requirements, all accessories are sold separately.**

### 1-COMPONENT SPRAY APPLICATOR

#### #F0252-EQ-SP-AP

The StrongHold Extended Spray Applicator with locking mechanism is an industrial grade spray applicator. With a well-balanced design and comfortable grip, the applicator provides very effective control during operation.

### EXTENDED 1-COMPONENT SPRAY APPLICATOR

#### #F0252-30005-004

The StrongHold Extended Spray Applicator with locking mechanism is an industrial grade spray applicator with an 18" extension, allowing the operator to spray adhesive with minimal bending. With a well-balanced design and comfortable grip, the applicator provides very effective control during operation. The extension is attached to the applicator and not sold separately.

### 1-COMPONENT SPRAY HOSE

#### #F0252-30001-004 - 6' HOSE

#### #F0252-30002-004 - 12' HOSE

#### #F0252-EQ-SP-H18 - 18' HOSE

The StrongHold 1-Component Spray Hose is a high-quality, industrial grade hose assembly available in 6', 12', and 18' lengths. The variety of hose lengths offers operators flexibility as to where the adhesive canister is placed during spraying of the adhesive. With proper care and maintenance, the hose assemblies will continue to offer dependable service over a long period of time.

### 1-COMPONENT BRASS APPLICATOR TIP

#### #F0252-EQ-SP-TIP

The StrongHold 1-Component Brass Applicator Tip is made of solid brass, which provides a consistent spray pattern. The replacement tips are easily changed out by removing a retaining nut on the applicator and replacing with a new spray tip.

### LOW VOC CANISTER FLUSH SOLUTION

#### #F0252-15414-CST8

StrongHold Low VOC Canister Flush Solution is used to clean / flush adhesive spray accessories, including adhesive applicators, hoses, nozzles, and spray tips. The VOC content for this product is 14 g/L and it is approved for use in all markets.

### CANISTER FLUSH SOLUTION

#### #F0252-15413-CST8

StrongHold Canister Flush Solution is used to clean / flush adhesive spray accessories, including adhesive applicators, hoses, nozzles, and spray tips. This product is not for use in VOC regulated markets, including California and OTC states.
